CAREER OBJECTIVE

Motivated and detail-oriented Full Stack Developer with expertise in designing, developing, and deploying modern web applications using React.js, Node.js, Express.js, and MongoDB. Eager to apply my technical skills and passion for problem-solving in a dynamic team environment. Committed to writing clean, efficient, and scalable code, optimizing performance, and ensuring seamless user experiences.

EDUCATION

Nabira Collage Katol   **Aug 2019 – Jun 2022**
Bachelor of science

EXPERIENCE

Front-End Development Intern   **Mar 2025 – Present**
Salesqueen Software Solutions, Chennai -

- Collaborated with the development team to design and implement responsive, user-friendly web pages using HTML, CSS, and vanilla JavaScript.
- Worked on optimizing front-end performance, improving page load speed, and ensuring mobile responsiveness.
- Assisted in maintaining and updating company websites, fixing UI bugs, and enhancing UI/UX based on user feedback.

PROJECTS

ConvoAI ⧉ | React, Express, Node.js, MongoDB, GEMINI   **April 2025**

- Built an interactive and responsive chat interface that allows users to send messages and view AI-generated responses in real-time, using context-based conversation flow.
- Developed RESTful APIs to handle user queries, connect with an AI language model (e.g., OpenAI API), and return context-aware replies securely.
- Implemented with React, Node.js, Express, and TailwindCSS, with features like dark mode, message history, typing indicators, and error handling.

Job Protal ⧉ | React, Express, Node.js, MongoDB, JWT   **December 2024**

- Developed a full-stack job portal application using React.js for the frontend, Node.js and Express.js for the backend, and MongoDB for database management, ensuring a seamless user experience.
- Implemented user authentication and authorization features, allowing secure login and role-based access for job seekers and employers.
- Optimized performance and responsiveness, ensuring cross-device compatibility and efficient data handling through API integration and state management.

TECHNICAL SKILLS

Languages: HTML, CSS, Javascript,Typescript
Frameworks and Libraries: Express.js, React.js, Node.js, Next.js JSON
State Management: Redux, Context API
Developer Tools: Git, Visual Studio Code, Vercel ,Postman
 DataBase: MongoDB,MySQL
UI Libraries: Bootstrap, Tailwind CSS, shadcn UI, Material UI

SKILLS

- Communication
- Time Management
- Problem-solving
- Teamwork
- Adaptability
- Attention to Detail
- Critical thinking
- Collaboration
